Benefits

- Premium recycled paper uses 30% less trees versus virgin paper
- A 30% recycled-content paper with the same hardworking characteristics and brightness as a non-recycled sheet
- Meets current state and federal guidelines for recycled content
- Engineered for use in high-speed copiers, printers and fax machines
- Third-party tested by Buyers Laboratory, Inc. for runnability and performance

Applications

- Everyday general business document copying and printing
- Interoffice correspondence such as e-mails, letters, memos, drafts, and forms
