

Boise® ASPEN™ 100

The ultimate environmentally preferable, high-performance paper.

We give it our all... ASPEN™ 100 paper made with 100% post-consumer fiber.

Boise® ASPEN™ is a 100% post-consumer paper made with the same hard-working characteristics as a non-recycled sheet. Manufactured without the use of chlorine compounds, this multi-purpose paper is ideal for all your general office needs.

- Contains 100% post-consumer content
- Manufactured without the use of chlorine or chlorine compounds (PCF)
- 92 brightness with blue-white shade
- Laser guaranteed
- FSC Certified

Working for you and the environment™.

Boise is committed to sustaining resources for future generations. Our impressive selection of Aspen branded recycled papers are environmentally preferable choices because the manufacturing process uses less water, less energy, fewer chemicals and fewer trees than the process for manufacturing non-recycled sheets. In fact, Boise's recycled paper manufacturing operations save more than one million trees a year. To find out more, contact your sales representative or visit www.BoiseAspen.com.
